

# What I Want for the Church

## Philippians 1:9-11

### Introduction

- Here we catch a glimpse of how great a prayer warrior Paul was. The Philippian church was on Paul's personal prayer list. Notice how he prayed for this church. He prayed sensitively. Paul prayed for those areas where the church was most in need of heaven's help and God's guidance.
- Now what Paul prayed for this church I believe he would pray for our church, what Paul desired for that church is what we should want for this church.
