

Hell Under Fire

Matthew 5:22, 28-30

Introduction

- We are in a middle of a series that we have entitled "The War of the Worlds" and today the series is really going to heat up (no pun intended!) What we are talking about is the war of the world views. Remember, every person has a world view; a lens through which they see the world they live in, the life they live and it is the guide they use to make the crucial decisions about how they are going to live and what they are going to believe.
- I want to share with you heaven's view of hell.

Discussion

◇ The Son of God Affirms the Reality of Hell

- Matthew 5:22, 28-30

◇ The Character of God Demands the Necessity of Hell

- Ezekiel 33:11

◇ The Grace of God Saves from the Penalty of Hell

- Matthew 25:41

Conclusion

- For our church, we need to remember every time we meet that we are not a country-club where we come to socialize for a couple of hours, take a spiritual break, catch up on the week with a few friends and leave. We are a place of rescue, where people should be able to come and find the greatest news they will ever hear and that is - there is a way out of hell and a way into heaven named Jesus Christ who is available to anyone who wants Him.
