

# The Law of the Harvest

Psalm 126:5-6

## Introduction

- Someone has said, “If a man has a soul (*and he does*), and if that soul can be won or lost for eternity (*and it can*), then most important work in the world is to bring men and women to Jesus Christ.
- These verses comprise God’s word for God’s witness. This is God’s promise to the soul-winner.
- We are told three wonderful things about how to put the law of the harvest to practice that people might be continuously saved, and we might continuously have a harvest in the field we call the world, bringing them into the barn we call the church.
